ABSTRACT

This booklet provides information on the status of the 26 institutions in South Carolina with approved teacher education programs. A list is provided of specific scholastic requirements for teacher certification and required scores for teacher area examinations--the Professional Knowledge Examination or the National Teacher Examinations-Specialty Area Examinations. The information on each institution includes the school's approved programs, program level (basic undergraduate, basic graduate, advanced), school level, and the college's accreditation. (JD)

PREFACE

Among South Carolina's 26 institutions with approved Teacher Education programs are some of the oldest, newest, largest, and smallest in the nation. Rich in their variety, all share a commitment to the training of teachers and to the profession of education.

As a member of the National Association of State Directors of Teacher Education and Certification (NASDTEC), the South Carolina State Department of Education applies NASDTEC standards suitably modified or extended by the State Board of Education to teacher education programs leading to state certification. Candidates for certification must graduate from an approved program which includes passing the appropriate test in the particular area of study as well as in pedagogical skills. Also, the state of South Carolina by legislative mandate requires an FBI fingerprint review of all persons applying for initial certification.

The Interstate Contract Administrators Association, functioning within the NASDTEC organization, operates the Interstate system that has as its purpose facilitation of certification of school personnel moving across state borders. South Carolina along with more than thirty other states has passed legislation to allow contracts for participation in Interstate.

As required by state policy, this list of approved teacher education programs is distributed annually "to all South Carolina colleges, universities, school superintendents, and shall be available to any other appropriate institution or agency."

South Carolina Department of Education: An Equal Opportunity Agency

PROGRAM LEVELS

In the listings of approved programs for individual institutions in this publication, three program levels are indicated under the final column entitled "Program Level." The abbreviations for those three levels are used to designate the following:

BU: Basic Undergraduate

BG: Basic Graduate

A: Advanced

M.A.T. PROGRAMS

For purposes of teacher certification, the M.A.T. program (Master of Arts in Teaching) is regarded as a basic program designed for initial certification. In keeping with this policy in South Carolina, admission to such programs is for those persons seeking initial certification only. For those already certified, graduate programs leading to such degrees as the M.Ed., M.A., or M.S. would be appropriate.

SOUTH CAROLINA TEACHER CERTIFICATION REQUIREMENTS

TEACHING AREA EXAMINATIONS

In addition to the completion of specified scholastic requirements, an individual applying for teacher certification must present the minimum required score on the appropriate examination(s) as established by the South Carolina State Board of Education.

A. Professional Knowledge Examination

All persons applying for Initial teacher certification in South Carolina after April 30, 1989, must achieve a minimum required score of 642 on the Professional Knowledge Examination of the N.T.E. Core Battery in addition to the required score on the appropriate specialty area examination listed below.

B. National Teacher Examinations - Specialty Area Examinations

A score on the Specialty Area Examination of the National Teacher Examinations is required for certification in those areas for which an appropriate teaching area examination exists and has been validated for use in South Carolina. E. Other

Certification examinations for the areas of Agriculture, Attendance Supervisor, School Social Worker I, II, or III, and Speech and Drama are unavailable at this time. Persons seeking certification who meet all requirements for certification in effect on the date of receipt of all required documentation other than the certification test score shall qualify for a Conditional Certificate valid for one year. This Conditional Certificate shall be renewable annually upon written request from the teacher until the State Board of Education adopts an examination which has been validated for certification purposes with minimum qualifying scores. Upon adoption by the State Board of Education of the validated examinations and minimum qualifying score, teachers holding the Conditional Certificate will be required to take the designated area examinations and present the required score to be issued a Professional Certificate.
